

**EARTH DAY CLEAN UP
FOR LOWER ALSACE TOWNSHIP RESIDENTS -
SATURDAY, APRIL 21st 2018
8 AM TO 3 PM
AT THE LOWER ALSACE TOWNSHIP MUNICIPAL BUILDING**

The Lower Alsace Township Supervisors will be hosting a Spring Cleanup program for the benefit of Lower Alsace Township residents and property owners on Earth Day 2018. Please plan ahead to take advantage of this one day to conduct your neighborhood clean-up programs or just to bring junk you've been hoping to get rid of for some time. You may even want to drop in and volunteer your time to help the Township Supervisors with this community clean-up effort.

The Township will be arranging for several large dumpsters; the purpose of which will be for the easy disposal of your unwanted items including but not limited to furniture, appliances (no electronic waste), unmounted car and truck tires – 2 per household \$2.00 piece

In addition to the disposal of junk, we will also have our dump truck available for you to dispose of your brush and tree trimmings.

**Absolutely no garbage, electronic waste (No TV's Computers etc.)
nor hazardous substances will be accepted.**

The Township reserves the right to reject any item that is determined to be unacceptable for this clean-up program.
