The Lower Alsace Township Supervisors will be hosting a Fall Cleanup program for the benefit of Lower Alsace Township residents and property owners on Saturday, October 24th, 2020. Please make plans to take advantage of this one day to conduct your neighborhood clean-up programs or just to bring junk you've been hoping to get rid of for some time.

The Township will be arranging for several large dumpsters; the purpose of which will be for the easy disposal of your unwanted items including but not limited to furniture, appliances (no electronic waste), un-mounted car and truck tires – 2 per household - \$2.00 per tire; mattress disposal - \$35.00 per mattress.

Absolutely no garbage, electronic waste (No TV's Computers etc.) nor hazardous substances will be accepted.

The Township requests that you unload your vehicles, to comply with Covid-19 safety concerns. Township staff will load the items being disposed into dumpsters using the Township's equipment, to minimize contact and practice safety. The Township reserves the right to reject any item that is determined to be unacceptable for this clean-up program.
